CERTIFICATE OF TREATMENT/RECYCLING

PRESENTED TO

ELECTRONIC CHROME & GRINDING

Manifest No: 24138635

Date: 05/03/05

The waste stream(s) received on the above manifest has been treated/handled to standards mandated by the applicable federal and/or state regulations. Waste treatment is performed under permits granted to D/K ENVIRONMENTAL, a California corporation, by the California EPA in coordination with the U.S. Environmental Protection Agency, in the accordance with the provisions of the Resource Conservation and Recovery Act (RCRA) of 1976, together with applicable federal and state regulations.

When the above described material is accepted by D/K ENVIRONMENTAL, the responsibility for the material becomes that of D/K ENVIRONMENTAL for the treatment/recycling.

Issued By

D/K ENVIRONMENTAL

Signed: _____

Joseph P. Balfour

Date: 05/12/05

D/K ENVIRONMENTAL LAND DISPOSAL RESTRICTION FORM

GENERATOR: ELECTRONIC CHROME EPA ID NUMBER: CAD008391427
WASTE APPROVAL NUMBER: 290816-38 MANIFEST# / LINE ITEM: (With Shipment) 11a 24138435

WASTE IS (CHECK ONE): DEBRIS NON-WASTEWATER WASTEWATER

EPA WASTE CODES (S)	SUBCATEGORY	FOR DEBRIS-CONTAMINANTS SUBJECT TO TREATMENT
<u>D007, F006</u>		

Check if waste is: D001 - D043 See Attachment 1.

A. RESTRICTED WASTE SUBJECT TO TREATMENT (40 CFR 268.7(a)(1))

The restricted waste identified above must be treated to the applicable treatment standards promulgated in 40 CFR 268.40, or treated to comply with the applicable prohibitions set forth in Part 268.32 or RCRA Section 300 (d). I have attached all supporting analytical data, where available.

- Waste contains underlying hazardous constituents that do not meet all treatment standards as listed in 40 CFR 268.48 and require further treatment, see Attachment 1.
- Waste does not contain underlying hazardous constituents exceeding treatment standards as listed in 40 CFR 268.48 (all underlying hazardous constituents meet treatment standards).
- Underlying hazardous constituents standards do not apply.
- Restricted waste with technology based treatment standards (40 CFR 268.7 (b)(5)(ii))
List the applicable five letter treatment codes (s): _____

B. RESTRICTED WASTE MEETS TREATMENT STANDARDS (40 CFR 268.7(a)(2))

The restricted waste identified above meets the treatment standards in 40 CFR 268.40 and can be land disposed without further treatment. I have attached all supporting analytical data where available.

I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR Part 268 Subpart D and all the applicable prohibitions set forth in 40 CFR 268.32 or RCRA Section 3004 (d). I believe that the information I submitted is true, accurate, and complete. I am aware that there are significant penalties for submitting a false certification, including the possibility of a fine and imprisonment.

C. HAZARDOUS DEBRIS SUBJECT TO TREATMENT (40 CFR 268.7(a)(1)(iv))

This hazardous debris must be treated to the alternative treatment standards promulgated in 40 CFR 268.45

D. RESTRICTED WASTE DECHARACTERIZED BUT REQUIRES TREATMENT FOR UNDERLYING HAZARDOUS CONSTITUENTS (40 CFR 268.7(b)(5)(iv))

I certify under penalty of law that the waste has been treated in accordance with the requirements of 40 CFR 268.40 to remove the hazardous characteristic. This decharacterized waste contains underlying hazardous constituents that require further treatment to meet universal treatment standards. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment.

E. RESTRICTED WASTE TREATED TO TREATMENT STANDARDS (40 CFR 268.7 (b)(5)(i))

The treatment residue, or extract of such residue, of the restricted waste identified above has been tested to assure that the treatment residues of extract meet the applicable treatment standards in 40 CFR 268.40 and/ or performance standard in 40 CFR 268.45. I have attached all supporting analytical data where available.

I certify under penalty of law that I personally have examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and that, based on my inquiry of those individuals responsible for obtaining this information, I believe that the treatment process has been operated and maintained properly so as to comply with the performance levels specified in 40 CFR Part 268, Subpart D, and all applicable prohibitions set forth in 40 CFR 268.32 or RCRA Section 300(d) without impermissible dilution of the prohibited waste. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment.

I certify and warrant that the information that appears on this form and any appended documents is true and correct. I have correctly indicated how my waste is to be managed in accordance with 40 CFR 268. My certification is based on personal examination of the information submitted, or is based on my inquiry of those individuals responsible for obtaining the information.

D/K ENVIRONMENTAL LAND DISPOSAL RESTRICTION FORM

GENERATOR: ELECTRONIC CHROME EPA ID NUMBER: CAD008391427
 WASTE APPROVAL NUMBER: 2350503-15 MANIFEST# / LINE ITEM: (With Shipment) 2413878416

WASTE IS (CHECK ONE): DEBRIS NON-WASTEWATER WASTEWATER

EPA WASTE CODES (S)	SUBCATEGORY	FOR DEBRIS-CONTAMINANTS SUBJECT TO TREATMENT
<u>D002, F006</u>		

Check if waste is: D001 - D043 See Attachment 1.

A. RESTRICTED WASTE SUBJECT TO TREATMENT (40 CFR 268.7(a)(1))

The restricted waste identified above must be treated to the applicable treatment standards promulgated in 40 CFR 268.40, or treated to comply with the applicable prohibitions set forth in Part 268.32 or RCRA Section 300 (d). I have attached all supporting analytical data, where available.

- Waste contains underlying hazardous constituents that do not meet all treatment standards as listed in 40 CFR 268.48 and require further treatment, see Attachment 1.
- Waste does not contain underlying hazardous constituents exceeding treatment standards as listed in 40 CFR 268.48 (all underlying hazardous constituents meet treatment standards).
- Underlying hazardous constituents standards do not apply.
- Restricted waste with technology based treatment standards (40 CFR 268.7 (b)(5)(ii))
List the applicable five letter treatment codes (s): _____

B. RESTRICTED WASTE MEETS TREATMENT STANDARDS (40 CFR 268.7(a)(2))

The restricted waste identified above meets the treatment standards in 40 CFR 268.40 and can be land disposed without further treatment. I have attached all supporting analytical data where available.

I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR Part 268 Subpart D and all the applicable prohibitions set forth in 40 CFR 268.32 or RCRA Section 3004 (d). I believe that the information I submitted is true, accurate, and complete. I am aware that there are significant penalties for submitting a false certification, including the possibility of a fine and imprisonment.

C. HAZARDOUS DEBRIS SUBJECT TO TREATMENT (40 CFR 268.7(a)(1)(iv))

This hazardous debris must be treated to the alternative treatment standards promulgated in 40 CFR 268.45

D. RESTRICTED WASTE DECHARACTERIZED BUT REQUIRES TREATMENT FOR UNDERLYING HAZARDOUS CONSTITUENTS (40 CFR 268.7(b)(5)(iv))

I certify under penalty of law that the waste has been treated in accordance with the requirements of 40 CFR 268.40 to remove the hazardous characteristic. This decharacterized waste contains underlying hazardous constituents that require further treatment to meet universal treatment standards. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment.

E. RESTRICTED WASTE TREATED TO TREATMENT STANDARDS (40 CFR 268.7(b)(5)(i))

The treatment residue, or extract of such residue, of the restricted waste identified above has been tested to assure that the treatment residues of extract meet the applicable treatment standards in 40 CFR 268.40 and/ or performance standard in 40 CFR 268.45. I have attached all supporting analytical data where available.

I certify under penalty of law that I personally have examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and that, based on my inquiry of those individuals responsible for obtaining this information, I believe that the treatment process has been operated and maintained properly so as to comply with the performance levels specified in 40 CFR Part 268, Subpart D, and all applicable prohibitions set forth in 40 CFR 268.32 or RCRA Section 300(d) without impermissible dilution of the prohibited waste. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment.

I certify and warrant that the information that appears on this form and any appended documents is true and correct. I have correctly indicated how my waste is to be managed in accordance with 40 CFR 268. My certification is based on personal examination of the information submitted, or is based on my inquiry of those individuals responsible for obtaining the information.

PRESENTED TO

ELECTRONIC CHROME & GRINDING

Manifest No: 24133316

Date Received: 11/18/05

The waste stream(s) received on the above referenced manifest has/have been managed in accordance with all applicable federal, state, and local laws and regulations. Waste management is performed under the permits granted to D/K Environmental, a California corporation, by the State of California, California Environmental Protection Agency/Department of Toxic Substances Control in coordination with the U.S. Environmental Protection Agency, in accordance with the provisions of the Resource Conservation and Recovery Act (RCRA) of 1976.

D/K ENVIRONMENTAL LAND DISPOSAL RESTRICTION FORM

GENERATOR: ELECTRONIC CHROME EPA I.D. NUMBER: CAD008391427

WASTE APPROVAL NUMBER: _____ MANIFEST# / LINE ITEM: (With Shipment) 24133316, 11a

WASTE IS (CHECK ONE): DEBRIS NON-WASTEWATER WASTEWATER

EPA WASTE CODES (S)	SUBCATEGORY	FOR DEBRIS-CONTAMINANTS SUBJECT TO TREATMENT
<u>D007 F006</u>	_____	_____
_____	_____	_____
_____	_____	_____

Check if waste is: D001 - D043 See Attachment 1.

A. RESTRICTED WASTE SUBJECT TO TREATMENT (40 CFR 268.7(a)(1))

The restricted waste identified above must be treated to the applicable treatment standards promulgated in 40 CFR 268.40, or treated to comply with the applicable prohibitions set forth in Part 268.32 or RCRA Section 300 (d). I have attached all supporting analytical data, where available.

1. Waste contains underlying hazardous constituents that do not meet all treatment standards as listed in 40 CFR 268.48 and require further treatment, see Attachment 1.
2. Waste does not contain underlying hazardous constituents exceeding treatment standards as listed in 40 CFR 268.48 (all underlying hazardous constituents meet treatment standards).
3. Underlying hazardous constituents standards do not apply.
4. Restricted waste with technology based treatment standards (40 CFR 268.7 (b)(5)(ii))
List the applicable five letter treatment codes (s): _____

B. RESTRICTED WASTE MEETS TREATMENT STANDARDS (40 CFR 268.7(a)(2))

The restricted waste identified above meets the treatment standards in 40 CFR 268.40 and can be land disposed without further treatment. I have attached all supporting analytical data where available.

I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR Part 268 Subpart D and all the applicable prohibitions set forth in 40 CFR 268.32 or RCRA Section 3004 (d). I believe that the information I submitted is true, accurate, and complete. I am aware that there are significant penalties for submitting a false certification, including the possibility of a fine and imprisonment.

C. HAZARDOUS DEBRIS SUBJECT TO TREATMENT (40 CFR 268.7(a)(1)(iv))

This hazardous debris must be treated to the alternative treatment standards promulgated in 40 CFR 268.45

D. RESTRICTED WASTE DECHARACTERIZED BUT REQUIRES TREATMENT FOR UNDERLYING HAZARDOUS CONSTITUENTS (40 CFR 268.7(b)(5)(iv))

I certify under penalty of law that the waste has been treated in accordance with the requirements of 40 CFR 268.40 to remove the hazardous characteristic. This decharacterized waste contains underlying hazardous constituents that require further treatment to meet universal treatment standards. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment.

E. RESTRICTED WASTE TREATED TO TREATMENT STANDARDS (40 CFR 268.7 (b)(5)(i))

The treatment residue, or extract of such residue, of the restricted waste identified above has been tested to assure that the treatment residues of extract meet the applicable treatment standards in 40 CFR 268.40 and/ or performance standard in 40 CFR 268.45. I have attached all supporting analytical data where available.

I certify under penalty of law that I personally have examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and that, based on my inquiry of those individuals responsible for obtaining this information, I believe that the treatment process has been operated and maintained properly so as to comply with the performance levels specified in 40 CFR Part 268, Subpart D, and all applicable prohibitions set forth in 40 CFR 268.32 or RCRA Section 300(d) without impermissible dilution of the prohibited waste. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment.

I certify and warrant that the information that appears on this form and any appended documents is true and correct. I have correctly indicated how my waste is to be managed in accordance to with 40 CFR 268. My certification is based on personal examination of the information submitted, or is based on my inquiry of those individuals responsible for obtaining the information.

PRESENTED TO

ELECTRONIC CHROME & GRINDING

Manifest No: 24133338

Date Received: 12/02/05

The waste stream(s) received on the above referenced manifest has/have been managed in accordance with all applicable federal, state, and local laws and regulations. Waste management is performed under the permits granted to D/K Environmental, a California corporation, by the State of California, California Environmental Protection Agency/Department of Toxic Substances Control in coordination with the U.S. Environmental Protection Agency, in accordance with the provisions of the Resource Conservation and Recovery Act (RCRA) of 1976.

Issued By
D/K ENVIRONMENTAL

D/K ENVIRONMENTAL LAND DISPOSAL RESTRICTION FORM

GENERATOR: ELECTRONIC Chrome + GRINDING EPA ID NUMBER: CA D008391427

WASTE APPROVAL NUMBER: 2350503-15 MANIFEST# / LINE ITEM: (With Shipment) 24133338-11A

WASTE IS (CHECK ONE): DEBRIS NON-WASTEWATER WASTEWATER

EPA WASTE CODES (S)	SUBCATEGORY	FOR DEBRIS-CONTAMINANTS SUBJECT TO TREATMENT
<u>D007</u>		
<u>F006</u>		

Check if waste is: D001 - D043 See Attachment 1.

A. RESTRICTED WASTE SUBJECT TO TREATMENT (40 CFR 268.7(a)(1))

The restricted waste identified above must be treated to the applicable treatment standards promulgated in 40 CFR 268.40, or treated to comply with the applicable prohibitions set forth in Part 268.32 or RCRA Section 300 (d). I have attached all supporting analytical data, where available.

- Waste contains underlying hazardous constituents that do not meet all treatment standards as listed in 40 CFR 268.48 and require further treatment, see Attachment 1.
- Waste does not contain underlying hazardous constituents exceeding treatment standards as listed in 40 CFR 268.48 (all underlying hazardous constituents meet treatment standards).
- Underlying hazardous constituents standards do not apply.
- Restricted waste with technology based treatment standards (40 CFR 268.7 (b)(5)(ii))
List the applicable five letter treatment codes (s): _____

B. RESTRICTED WASTE MEETS TREATMENT STANDARDS (40 CFR 268.7(a)(2))

The restricted waste identified above meets the treatment standards in 40 CFR 268.40 and can be land disposed without further treatment. I have attached all supporting analytical data where available.

I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR Part 268 Subpart D and all the applicable prohibitions set forth in 40 CFR 268.32 or RCRA Section 3004 (d). I believe that the information I submitted is true, accurate, and complete. I am aware that there are significant penalties for submitting a false certification, including the possibility of a fine and imprisonment.

C. HAZARDOUS DEBRIS SUBJECT TO TREATMENT (40 CFR 268.7(a)(1)(iv))

This hazardous debris must be treated to the alternative treatment standards promulgated in 40 CFR 268.45

D. RESTRICTED WASTE DECHARACTERIZED BUT REQUIRES TREATMENT FOR UNDERLYING HAZARDOUS CONSTITUENTS (40 CFR 268.7(b)(5)(iv))

I certify under penalty of law that the waste has been treated in accordance with the requirements of 40 CFR 268.40 to remove the hazardous characteristic. This decharacterized waste contains underlying hazardous constituents that require further treatment to meet universal treatment standards. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment.

E. RESTRICTED WASTE TREATED TO TREATMENT STANDARDS (40 CFR 268.7 (b)(5)(i))

The treatment residue, or extract of such residue, of the restricted waste identified above has been tested to assure that the treatment residues of extract meet the applicable treatment standards in 40 CFR 268.40 and/ or performance standard in 40 CFR 268.45. I have attached all supporting analytical data where available.

I certify under penalty of law that I personally have examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and that, based on my inquiry of those individuals responsible for obtaining this information, I believe that the treatment process has been operated and maintained properly so as to comply with the performance levels specified in 40 CFR Part 268, Subpart D, and all applicable prohibitions set forth in 40 CFR 268.32 or RCRA Section 300(d) without impermissible dilution of the prohibited waste. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment.

I certify and warrant that the information that appears on this form and any appended documents is true and correct. I have correctly indicated how my waste is to be managed in accordance with 40 CFR 268. My certification is based on personal examination of the information submitted, or is based on my inquiry of those individuals responsible for obtaining the information.

Certificate of Treatment/Recycling

ISSUED TO

ELECTRONIC CHROME &
GRINDING

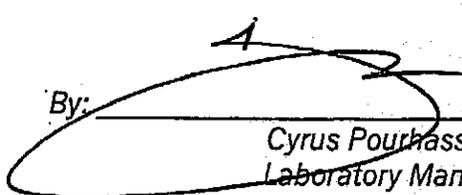

FOR

MANIFEST NUMBER 24133302 DATE RECEIVED 11/2/2005

The aqueous waste received on the above manifest will be treated to standards mandated by the FEDERAL CLEAN WATER ACT and to effluent requirements established by the Sanitation Districts of Los Angeles County. Waste treatment and recycling is performed under permits granted to DeMENNO/KERDOON, a California Corporation, by the California Department of Toxic Control (DTSC), in coordination with the Environmental Protection Agency, in accordance with the provisions of the Resource Conservation and Recovery Act (RCRA) of 1976, together with applicable federal and state regulations including but not limited to waste discharge requirements established by the Sanitation Districts of Los Angeles County.

When the above described waste material is accepted by DeMENNO/KERDOON and treated/recycled and the aqueous phase discharged for further treatment by the Sanitation Districts, the certificate holder's responsibility for the waste material is eliminated under both RCRA and Proposition 65. Upon request, DeMENNO/KERDOON will issue this certificate that all waste material has been handled in accordance with applicable permits and the certificate holder's liability has been terminated.

D/K ENVIRONMENTAL LAND DISPOSAL RESTRICTION FORM

GENERATOR: ELECTRONIC CHROME & GRINDING EPA ID NUMBER: CAD008391427

WASTE APPROVAL NUMBER: 35117-11 MANIFEST# / LINE ITEM: (With Shipment) _____

WASTE IS (CHECK ONE): DEBRIS NON-WASTEWATER WASTEWATER

EPA WASTE CODES (S)	SUBCATEGORY	FOR DEBRIS-CONTAMINANTS SUBJECT TO TREATMENT
<u>D002</u>	_____	_____
<u>D007</u>	_____	_____
<u>D008</u>	_____	_____

Check if waste is: D001 - D043 See Attachment 1.

A. RESTRICTED WASTE SUBJECT TO TREATMENT (40 CFR 268.7(a)(1))

The restricted waste identified above must be treated to the applicable treatment standards promulgated in 40 CFR 268.40, or treated to comply with the applicable prohibitions set forth in Part 268.32 or RCRA Section 300 (d). I have attached all supporting analytical data, where available.

1. Waste contains underlying hazardous constituents that do not meet all treatment standards as listed in 40 CFR 268.48 and require further treatment, see Attachment 1.
2. Waste does not contain underlying hazardous constituents exceeding treatment standards as listed in 40 CFR 268.48 (all underlying hazardous constituents meet treatment standards).
3. Underlying hazardous constituents standards do not apply.
4. Restricted waste with technology based treatment standards (40 CFR 268.7 (b)(5)(ii))
List the applicable five letter treatment codes (s): _____

B. RESTRICTED WASTE MEETS TREATMENT STANDARDS (40 CFR 268.7(a)(2))

The restricted waste identified above meets the treatment standards in 40 CFR 268.40 and can be land disposed without further treatment. I have attached all supporting analytical data where available.

I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR Part 268 Subpart D and all the applicable prohibitions set forth in 40 CFR 268.32 or RCRA Section 3004 (d). I believe that the information I submitted is true, accurate, and complete. I am aware that there are significant penalties for submitting a false certification, including the possibility of a fine and imprisonment.

C. HAZARDOUS DEBRIS SUBJECT TO TREATMENT (40 CFR 268.7(a)(1)(iv))

This hazardous debris must be treated to the alternative treatment standards promulgated in 40 CFR 268.45

D. RESTRICTED WASTE DECHARACTERIZED BUT REQUIRES TREATMENT FOR UNDERLYING HAZARDOUS CONSTITUENTS (40 CFR 268.7(b)(5)(iv))

I certify under penalty of law that the waste has been treated in accordance with the requirements of 40 CFR 268.40 to remove the hazardous characteristic. This decharacterized waste contains underlying hazardous constituents that require further treatment to meet universal treatment standards. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment.

E. RESTRICTED WASTE TREATED TO TREATMENT STANDARDS (40 CFR 268.7 (b)(5)(i))

The treatment residue, or extract of such residue, of the restricted waste identified above has been tested to assure that the treatment residues of extract meet the applicable treatment standards in 40 CFR 268.40 and/ or performance standard in 40 CFR 268.45. I have attached all supporting analytical data where available.

I certify under penalty of law that I personally have examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and that, based on my inquiry of those individuals responsible for obtaining this information, I believe that the treatment process has been operated and maintained properly so as to comply with the performance levels specified in 40 CFR Part 268, Subpart D, and all applicable prohibitions set forth in 40 CFR 268.32 or RCRA Section 300(d) without impermissible dilution of the prohibited waste. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment.

I certify and warrant that the information that appears on this form and any appended documents is true and correct. I have correctly indicated how my waste is to be managed in accordance with 40 CFR 268. My certification is based on personal examination of the information submitted, or is based on my inquiries of those individuals responsible for obtaining the information.
